CONTROLS AND FUNCTIONS

CONNECTION

REMOTE CONTROL

BLUETOOTH RECEIVER

The bluetooth receiver plays and allows control of music received from a mobile telephone. To do this, it is necessary to pair the mobile telephone with the bluetooth receiver module beforehand.

- 1) Switch on the amplifier and select the bluetooth mode with the MODE button (M).
- 2) With the bluetooth option activated in your mobile telephone, select the corresponding device from the list of bluetooth devices. At that moment, your mobile telephone will be paired with the device.

WARRANTY

This product has been tested and has passed the corresponding quality control prior to being put on the market. **FONESTAR** guarantees the suitability of the product for its specified use during a period of 2 years from the delivery date and commits itself to repair or substitute the goods as expressed in the Spanish law "La Ley General para la Defensa de los Consumidores y Usuarios, Real Decreto Legislativo 1/2007 16 Noviembre. The lack of conformity in the first six months after purchase, due to a manufacturing defect, will be rectified with no more than showing the proof of purchase. After six months **FONESTAR** reserves the right to demand proof of the product being sold with that problem. This warranty does not include damage produced by: inappropriate use or negligence, accidents, worn out parts due to use, breakages, burns, spilt liquids or other substances, excessive humidity, battery deterioration and internal manipulation of the device, the software or its components by unauthorized persons, and in general any use that is unrelated to the nature and purpose of the product.
